25X1

Five rows of about 10 twin-engine aircraft, each with double rudder assembly, were parked in front of the hangars of the "BERNEUCHEN (N 53/V 06) airfield. There was no flying.

25X1

Comment:

The occupation of the "BERNEUCHEN" airfield has apparently not changed since July and August 1949. Two bomber regiments are still assumed to be stationed there. There were no indications of an effected or intended transfer of aircraft from the "BERNEUCHEN" airfield whereas all other airfields in the area northeast of BERLIN have been apparently evacuated by bomber units.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 18 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
